ABOUT US

Lafbart Innovations and Consulting Limited (Lafbart) is a company incorporated under the laws of the Federal Republic of Nigeria as an engineering services from that specializes in automotive, procurement, construction, installation and commissioning of multi-disciplinary projects.

We provide quality engineering services with international standards and boast of professional and highly-trained employees as we determined to change the face of automobile industry in country and beyond

Our Mission

To offer innovative, effective, realistic, and high-quality solutions to transportation problems, maintenance, and safety issues.

Our Vision

To be the best indigenous company in providing innovative solutions and consultancy services in the automobile industry in Nigeria and beyond.

The Company is positioning itself to accomplish its vision through attractive value-added affiliations, products, and super services by using competencies acquired and developed for domestic, commercial, and industrial applications.

The Company's objective is to be the Preferred Business Partner as we are geared towards playing a major role in the integration of engineering and information technologies to proffer cost-effective solutions to complex engineering challenges in the relevant sector.

OUR STRATEGY

OUR EXPERTISE

Through our **ICT-Driven People and Processes** approach, we miss no opportunity to pool the analytical and information technology skills in Nigeria and worldwide to achieve enhanced results on your behalf.

OUR CORE VALUES

01

Teamwork People Focused

We recognise our primary asset is people. To be successful, we provide opportunity and encouragement to help our employees reach their potential. We work with our clients as a team. Mutual respect provides the foundation for our success.

02

Commitment Client-Driven

We are proactive in finding solutions for our clients that best achieve their goals. Lasting relationships are the lifeblood of our business; we therefore pay personal attention to our clients, caring about them as individuals. We tend to refer to our clients, appropriately, as "our respected friends."

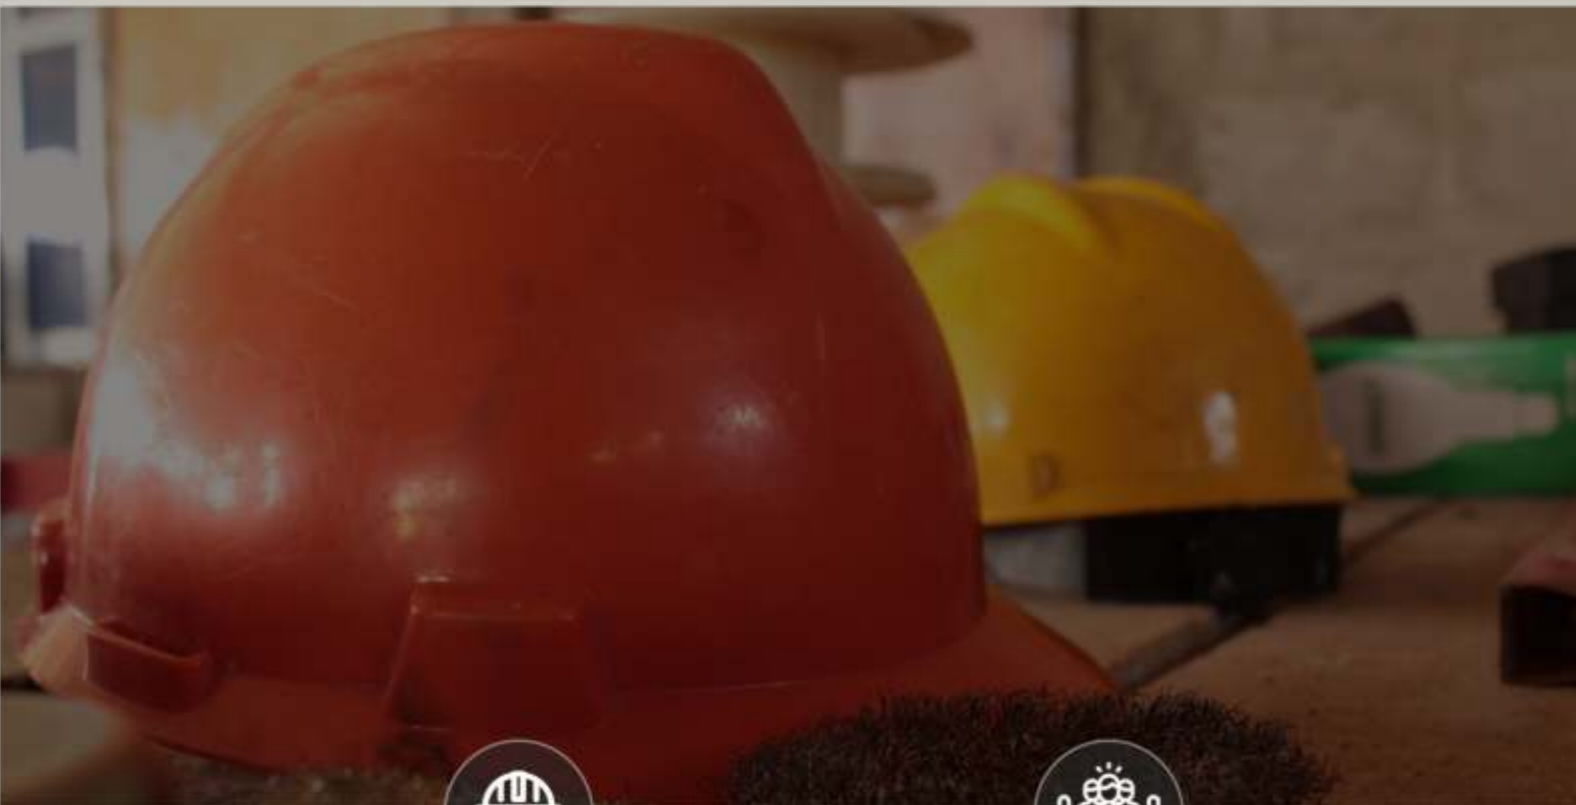

03

Integrity Highest Ethical Standards

Lafbart is a business based on trust and is consistently associated with high standards of service, quality, personal attention to clients, and integrity. We remain true to our founding values of quality, honesty, and hard work. We have the highest ethical standards in the industry.

We do the right thing.

OUR CONCERNS

Safety

At Lafbart, we have developed a culture that promotes an injury-free environment and provides the safest workplace possible for our employees, subcontractors, clients, and others who enter or who come near our sites. Our mantra: *every worker goes home from each of our jobs—everyday*

Environment

We are very proud of the environment we are building and delivering on our promises. We work to drive the industry to provide a better environment for living, working, and learning that meets the needs of the present without compromising future generations' ability to meet their needs.

Automobile Workshop

Lafbart has a state-of-the-art automobile workshop to provide general and specialised automobile repairs and services. Our workshop boasts the latest equipment, machines, and tools such as diagnosis machines, programmers, code readers, and various troubleshooting aiding equipment.

The auto collision repair frame for restoring vehicles to manufacturer's specification after accidents is one

OUR SERVICES

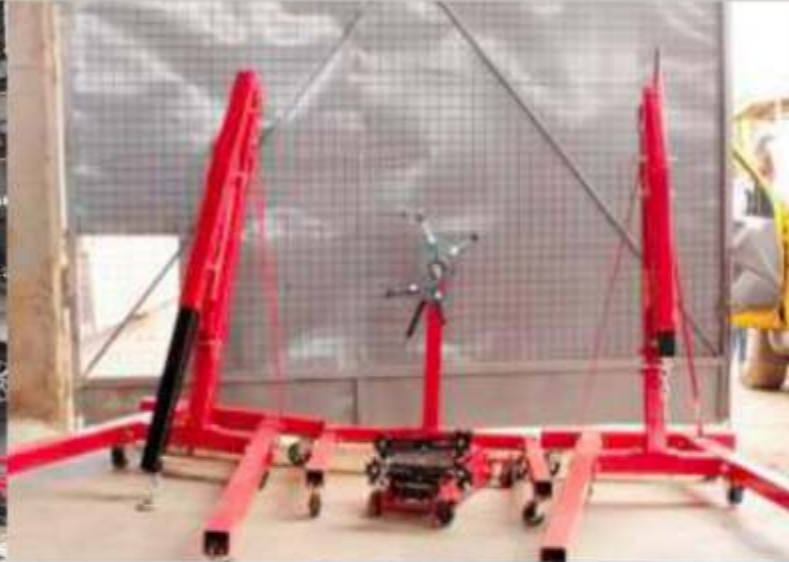

We guarantee high-quality service at all times and are motivated to meet all your automotive expectations to give you the results you desire.

of the best in Nigeria. Our painting department has one of the few spray booths (popularly called "Oven") in Nigeria for effective and high-quality auto painting.

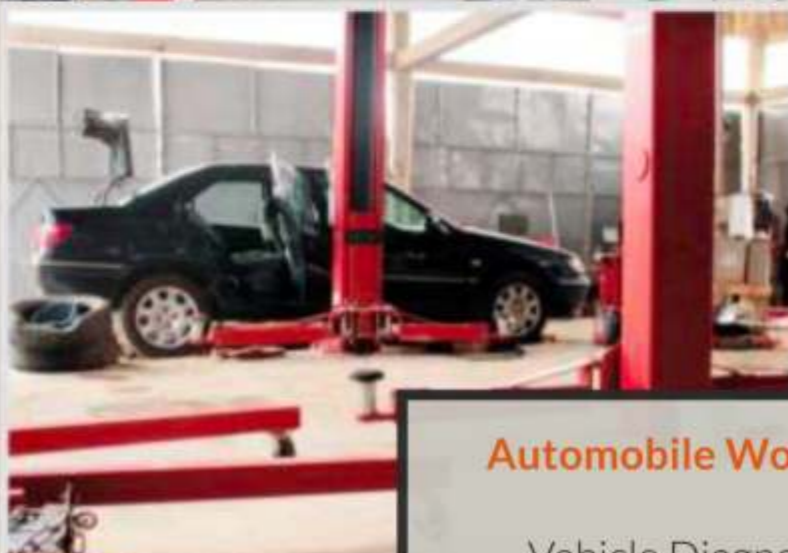

We also offer computerised tyre services ranging from tyre changing to wheel balancing and latest CCD alignment services. We further stand out with the provision of industry-recommended nitrogen for tyres. We assure our customers of top range repair and servicing of their vehicles.

General Fabrication

Lafbart possesses some of the finest and sophisticated welding equipment and machines, including welders, arch welders, MIG welders, Spot welders and Oxy-acetylene welders. Our Services include metal design and general fabrication

OUR TEAM

FEMI OLAFUNMILOYE

MD/CEO

NNAMDI EZEALA

BUSINESS DEVELOPMENT
DIRECTOR

A graduate of Mechanical Engineering from the University of Ado-Ekiti, Mr. Femi Olafunmiyo has garnered over a decade's working experience with Baker Hughes in the oil and gas sector across seismic and maintenance engineering having worked in various countries which include Nigeria, Angola, Uganda, Mozambique, Algeria, and the UAE. He has received extensive training locally and abroad, including the USA, UK, France, India, and China.

His passion for automobiles, innovation, and problem-solving led him to found Lafbart Innovations and Consulting to tackle transport-oriented issues with cost-effective alternatives. Femi is a member of the Nigerian Society of Engineers and National Automotive Manufacturers Association.

Engr. Ezeala is a graduate of the University of Port Harcourt with bachelor's and master's degrees in Electrical/Electronics Engineering. He is also a PMI professional with over 15 years' experience with Schlumberger working in Africa, the Middle East, and Europe and vast experience in Operations and Project Management, HR, Client Relationship Management, Sales and Marketing.

A well-trained professional bringing onboard honed customer relationship skills, Engr. Ezeala is responsible for market growth opportunities at Lafbart.

OUR TEAM

OYEYEMI OLORODE

OPERATIONS DIRECTOR

TOYIN AYELABOLA

ADMINISTRATIVE MANAGER

Mr. Yemi Olorode is a graduate of Obafemi Awolowo University Ile-Ife with a bachelor's degree in Electrical Engineering. Mr. Olorode has worked globally within the Marine Seismic

Acquisition domain, having spent over 10 years with Schlumberger and various seismic acquisition providers.

With his exceptional operations, troubleshooting, and analytical skills, he oversees Lafbart's operations and training.

Mr Toyin Ayelabola holds an HND from Ondo State Polytechnic and a Post Graduate degree from the Federal University of Technology Akure. He worked with youths under a special initiative program (3is) under the past Ondo State Administration, building up experience and skills pertinent for a managerial administrative position. He has been well trained and he is responsible for Administrative and Human Resources management.
